ORDINANCE

DOCTOR OF PHILOSOPHY

FOREST RESEARCH INSTITUTE UNIVERSITY
DEHRA DUN
ORDINANCE GOVERNING THE PH.D.

1. **INTRODUCTION**

1.1 These ordinances shall be called the Doctor of Philosophy (Ph.D.) Ordinance and shall come into force from the date Academic Council approves them.

1.2 The degree of Doctor of Philosophy (Ph.D.) Forest Research Institute University shall be awarded to those fulfilling the conditions as laid down in the ordinance.

1.3 **DEFINITIONS**

In this Ordinance unless the context otherwise requires:

i) Academic Council means, Academic Council of F.R.I. University

ii) CSIR means, Council of Scientific & Industrial Research

iii) Director means, Director of Forest Research Institute University

iv) F.R.I. means, Forest Research Institute, Dehradun.

v) Head of Division means, Heads of Research Divisions of F.R.I University/Research Centers.

vi) Institute means, Forest Research Institute University

vii) ICAR means, Indian Council of Agriculture Research.

viii) ICFRE means, Indian Council of Forestry Research & Education.

ix) Nodal officer means, Nodal Officer of Research Center of F.R.I. University.

x) Research Center means, Research Center created by F.R.I. University

xi) R.A.C. means, Research Advisory Committee.

xii) R.D.C. means, Research Degree Committee.

xiii) Registrar means, Registrar, Forest Research Institute University

xiv) UGC means, University Grants Commission.

xv) In-service candidate means employed permanently in a graded pay scale in a government organization/statutory autonomous body. The In-service candidate is required to submit a ‘No Objection Certificate’ from his/her employer to pursue research in the institute (FRI Deemed University).

1.4 The legal disputes if any with respect to the process of award of any degree/diploma/certificate by this University shall be subject to the jurisdiction of the competent Courts under the Honorable High Court of Uttarakhand State.
RESEARCH COMMITTEES

2.1 Subject to the general supervision of the Academic Council, all matters connected with the Doctoral programme of a Ph.D. Scholar shall be dealt with in accordance with these ordinances by the following committees:
   i) The Research Degree Committee (RDC)
   ii) The Research Advisory Committee (RAC)
   iii) The Screening Committee

2.2 The RDC shall consist of the following:-
   a) Director or his nominee (Chairman)
   b) Four experts nominated by the Director for two years
   c) Heads of the concerned Divisions
   d) Supervisor and Co-supervisor, if any, of the Ph.D. Scholar
   e) The Registrar (Member Secretary)

2.3 The RDC shall:
   a) Consider the recommendations of the RAC with regard to appointment or change of supervisor/co-supervisor.
   b) Consider the report of the examiners and take the decision for the award of degree.
   c) Consider the report of RAC regarding extension of the term of registration of a Ph.D. Scholar beyond four years.
   d) The RDC will ascertain whether the certificate has been issued by the supervisor regarding incorporating corrections as suggested by the examiners.
   e) The RDC may act against the supervisors who may be found lacking in their duty as Supervisor. The RDC may even consider debarring the Supervisor from taking further scholars.

2.4 The standing RAC for the Ph.D. Scholars in each discipline shall be constituted by the Director, FRI/Research Centers concerned.

   The RAC shall consist of the following:-
   a) Chairman
   b) Two experts from outside the division/institute.
   c) One expert from the division
   d) One Statistician/Research Methodology Expert
   e) Supervisor and Co-supervisor-Ex-officio Member
   f) Member Secretary – Head of Division (in case of FRI)/ Nodal Officer or his nominee (in case of research center)

The standing RAC shall be constituted for two years. The member secretary may convene the meeting of RAC in consultation with the chairman and the other members as and when necessary.

2.5 The RAC shall:
   a) Examine the synopsis received from the applicant for enrollment as Ph.D. Research Scholar and shall hold a synopsis seminar in which all the Forest Officers/ Scientists/RAC/Research Scholars of the concerned Division/Research Center shall participate. The suggestions made in the seminar may be incorporated in the synopsis already submitted by the candidate. The RAC after holding the synopsis seminar shall recommend appropriate topic for registration and approve the synopsis after necessary revision/correction/modification as per the Ph.D. Ordinance. The recommendation of RAC should come in the Performa as given in Appendix-3;
   b) Recommend supervisor/co-supervisor as per clause 5 of the Ph.D. Ordinance.
   c) Examine the qualification of the Supervisor and will ensure that the supervisor/co-supervisor is qualified to guide research scholar in the concerned field of research.
d) Recommend, if necessary, in consultation with the Supervisor/Co-Supervisor for constitution of an Advisory Committee consisting of the Scientist/Teacher/Forester concerning the field of research of the Research Scholar. The Advisory Committee shall help/guide the Research Scholar in his/her research work in consultation with and overall supervision of the Supervisor;

e) Examine the application of the Research Scholar for extension of his/her term of registration beyond four years and recommend to the RDC for extension of his/her term of registration for maximum of one year; also examine the progress reports of the research scholars as per synopsis

f) Recommend short-term basic course in Silviculture/Forestry/Forest Management/ Mensuration/Forest Ecology subjects for those who have no knowledge of these subjects;

g) To hold pre-thesis submission seminar of a Research Scholar who has completed his/her research work and recommend a panel of eight examiners giving brief bio-data and indicating major areas of research/expertise of the examiners.

While making their recommendations the RAC shall see that the recommendations are made in conformity with the ordinance and such other directives as may be issued from time to time by the Academic Council in regard to matters connected with Ph.D. research.

2.6 COUNSELING SUB COMMITTEE

There shall be a Counseling sub Committee for the purpose of counseling the research scholars and the concerned supervisors including the resolution of grievances if any.

2.6 (1). The Counseling sub Committee shall consist of the following:

1. Dean (Academic), FRI University : Chairman
2. Any two Head of Divisions of FRI/other research center (To be nominated by the Director, FRI /Chairman Academic council) : Members
3. One Officer other than from FRIDU& its research centres (To be nominated by the Director, FRI /Chairman Academic council) : Member
4. Registrar, FRI University: Member Secretary

All the cases involving academic/research interests of the research scholar and the supervisor should be addressed to the Director, FRI.

2.6(2) Terms of the reference of the Sub Committee shall be as follows:-

a) The committee shall look into all the matters that may be referred to it by Chairman, Academic Council.

b) The Chairman, Academic Council may direct office of the Registrar, FRI University to examine the cases related to academic/research interests of the research scholar and the supervisor and may issue suitable instructions. In exceptional cases, which may require detailed analysis, the Director/Chairman Academic Council may refer such cases to the Counseling Sub Committee for its opinion.

c) The Sub Committee may study the specific cases and device its own procedure to analyze the issue referred to it and may submit its recommendation to the Director. The Director, FRI/Chairman Academic Council may pass appropriate order on the recommendation of the Counseling Sub Committee.

d) The Chairman of the Sub Committee may convene the meeting of the Sub Committee as and when necessary.

e) Counseling Sub Committee shall examine the representations referred to it by the Research Degree Committee/Academic Council and may submit its recommendation to the Research Degree Committee/Academic Council.
3. **ADMISSION REQUIREMENT**

3.1. To be eligible for admission to the Doctoral programme, a candidate must:

(a) Hold a master’s degree or its equivalent from any recognized university/institute in a subject approved by F.R.I University.

(b) Have received grades 55% or above in Post graduate examination for General/OBC category and 50% or above for SC/ST category.

3.2. In case of registration of foreign students as Ph.D. Scholars the Equivalence Committee of the F.R.I. University before their registration shall settle the equivalence of the degree possessed by them.

3.3. A candidate who meets the requirements mentioned above may select a field of study out of the following:

<table>

</tbody>
</table>

4. **PROCEDURE OF ADMISSION**

4.1 The admission to the Ph.D Programme shall be as per the Ordinance governing Entrance Test for admission in Ph.D. Programme

4.2 Candidates registering for Ph.D. Programme for the award of degree of Doctor of Philosophy in Forestry shall be registered w.e.f. 1st March / 1st September as the case may be subject to date of approval of the synopsis by RAC. The scholar will be normally required to submit their approved synopsis by the end of April for registration in the March session. (*Amended vide resolution No. 2/2010 of the academic council meeting held on 8.1.2010*)

4.3 A Candidate may be admitted as Ph.D. Scholar as per the rules of the FRI University. An in-service candidate other than the persons employed on a regular basis/on deputation at ICFRE institutes/Research Centers of FRI University shall be required to take study leave for a minimum period of 2 years as minimum residential period from the date of commencement of compulsory courses. The persons employed in ICFRE institutes/Research Centers shall be required to take study leave during the period when the regular classes for course work are being conducted in FRI University or its research centers. The in-service candidate will have to submit NOC from the current employer before registration letter is issued.
4.4 A candidate for the Ph.D. degree in Forestry must apply for registration to the Registrar FRI University or through Nodal Officers of the recognized centers of the FRI University on the prescribed form as given in Appendix-I along with the prescribed fee.

4.5 The application form shall be accompanied by the documents as may be prescribed in the application form.

4.6 The registration letter for the PhD. degree will be issued only after receipt of the following fees to the FRI University:

(Fee revised vide resolution no.3/2013 and no.16/2013 of the Board of Management on 11.4.2013)

<table>

</tbody>
</table>

The extension of term of registration fee shall be applicable to the scholars registered on or after 1.3.2013.

4.7 A candidate shall ordinarily be permitted to work for Ph.D. Degree in the subject in whom he/she has obtained his/her Master’s Degree and/or Post–graduate Diploma (recognized by FRI University/UGC equivalent to Master’s Degree.)

4.8 A candidate shall pursue research at one of the Research Divisions/Centres concerned with his/her subject. The University shall not conduct Ph.D. Programme through distance education mode.
4.9 PROCEDURE FOR REGISTRATION OF FOREIGN CANDIDATES AS PH.D. RESEARCH SCHOLAR

Applications of foreign nationals nominated by the Government of India under scholarship scheme and self-financing foreign nationals will be entertained for registration as an internal Ph.D. Scholar subject to the condition that they should fulfill the following conditions:

(a) Must hold a master’s degree and secured at least 55% marks.

(b) The applications of scholarship holders (under various schemes) of foreign nationals for admission must be routed through Indian Council for Cultural Relations/Ministry of Human Resource Development (Dept. of Education), Govt. of India, New Delhi or Ministry of Environment and Forests, Govt. of India, New Delhi.

(c) The foreign students under self-financing scheme should send their application directly to the Institute.

(d) They must have valid students Visa at least for a period of two years.

(e) The candidate must have a certificate to be verified by the Ministry/Agencies to the effect that the candidates had been subjected to AIDS test and found negative.

(f) They should have adequate knowledge of English.

(g) The Degree/Certificate of the candidates must have been approved by the Association of Indian Universities (A.I.U) or equivalent to the corresponding degrees/certificate of Indian Universities.

(h) They are required to pay the following fees:

The scholars from the neighboring countries viz. Nepal, Bangladesh, Bhutan, Sri Lanka, Afghanistan, Pakistan & Maldives may pay following fee. The sponsored candidates will have to pay 25% more for all the items.

</table>
In order to encourage Forestry research in neighboring countries the DG, ICFRE/Chairman B.O.M. FRI University may exempt up to fifty percent of the total fee provided the candidates apply for such exemption as per the procedure prescribed by the university. The University shall also lay down the procedure for assessing the proficiency of the foreign scholar in English language so that there is no problem in integrating the scholar with the existing system. The exemption will be subject to performance and evaluation by the concerned Research Advisory Committee. For supporting such foreign students, the ICFRE may provide appropriate grant to the FRI University. There will be no exemption for the sponsored candidates. In case of scholars from other countries the university may register them at twice the above fee structure pending finalization of separate fee structure.

4.10 ORDINANCE GOVERNING ADMISSION IN PH.D. PROGRAMME

4.10.1. The admission to the Ph.D. Programme of the FRI University shall be through entrance test followed by an interview which shall be organized in all the recognized research centres of the FRI University simultaneously every year as far as possible. The vacancies shall be obtained in advance from research centres/Head of Divisions of FRI. The declared vacancies shall then be notified on the website and will be filled up as per the rules.

The students appearing in the final year of the qualifying exam are also eligible to appear in the entrance test. However the registration will be subject to other conditions of eligibility and as per clause 3.1 of the Ph.D. ordinance.

4.10.2. (i) The entrance test will be of 200 marks and 3 hours duration to test the ability of the candidate in the research. The guidelines will be issued separately by the office of the Registrar, FRI University. The exam will be conducted once a year preferably during the month of May. The notification and application forms will be made available on website sufficiently in advance.

(ii) There shall be an interview for the candidates who have qualified Ph.D entrance test and for those mentioned at clause 4.10.3. The interview shall be organized by the Member Secretary, RAC/Head of Division concerned/Nodal Officer of respective research centres.

(iii) At the time of interview, doctoral candidates are expected to discuss their research interest/area. The final list of the candidates selected for Ph.D. Programme shall be declared after the outcome of the interview.

(iv) Only the notified number of students will be admitted to the Ph.D. Programme.

(v) While granting admission to students to Ph.D. Programmes, the University will pay due attention to the Reservation Policy.

4.10.3. The candidates who have qualified UGC/CSIR (JRF) Examination / GATE/NET will be allowed to appear for the interview directly without appearing in the written entrance test. However such candidates will have to apply as per the procedure alongwith other candidates. They will have to give a proof of having qualified above exams along with their application form. The UGC/CSIR/GATE/NET exam should have been cleared by the applicant during previous two years from the last date of submission of the form in the University.

4.10.4. There will be no entrance test for the Foreign/overseas students. Their admission will be based on the existing Clause 4.9 of the PhD ordinance.

4.10.5. Merely qualifying the entrance test and interview does not mean that the candidate will be registered for Ph.D. Programme. The registration in the Ph. D. Programme shall be subject to the condition defined in clause 6.12, availability of suitable supervisor and the approval of Director FRI University.

4.10.6. Withdrawn.

4.10.7. There will be no entrance test for the ICFRE employees or those on deputation to ICFRE.

4.10.8. The guidelines for conducting entrance and interview test shall be laid by the Registrar, FRI University office.
Guidelines for holding of the Entrance Test

i. The candidates must apply through the Research Centre where he/she want to carry out his/her research work. The applicant will be considered only for the centre through which the application has been forwarded. In exceptional cases, the Director FRI may consider the change of research centre subject to availability of the vacancy.

ii. The question paper will have following sections and their proportional weightage may be as follows:

**Section-A (Compulsory)**

<table>
<thead>
<tr>
<th>General Awareness:</th>
<th>25 questions</th>
</tr>
</thead>
<tbody>
<tr>
<td>General English:</td>
<td>25 questions</td>
</tr>
<tr>
<td>Research Aptitude:</td>
<td>30 questions (The questions will be based on reasoning &amp; Statistics)</td>
</tr>
</tbody>
</table>

**Section-B**

*Basic & Applied Sciences*: 120 questions (attempt any two subjects)

*There will be 60 questions in each section of Section-B. The questions will be based on Forestry, Agriculture, Life Sciences, Environmental Sciences, Chemistry, Physics, Wood Science & technology, Pulp & Paper Technology and Mathematics. The syllabus is given below.

*The candidate will have to attempt two subjects in Section-B (Basic & Applied Sciences), out of which one shall be compulsory depending on the discipline applied for and one shall be optional. The following table may be referred by the candidates for selecting the compulsory subject to be attempted.*

<table>
<thead>

</tr>
</tbody>
</table>

iii. The minimum qualifying marks in entrance examination for general candidates is 50% and for the SC/ST/OBC candidates is 45%.

iv. The candidates qualifying the entrance test will be called for interview which will be conducted Discipline-wise by the Member Secretary RACs/Nodal Officers of Research centres. The list of candidates qualified in the interview will be sent to the Registrar, FRI Deemed University, who will compile the list of qualified candidates and will obtain the approval of the Director before finally declaring the result.

v. The list of successful candidates prepared by Registrar FRI Deemed University and shall be sent to all the research centres and will be displayed on the website.

vi. The successful candidates shall be directed to report to the Registrar FRI Deemed University/Nodal Officers of research centres concerned for compulsory course work of six months duration as per Ph.D. Ordinance.

vii. On successful completion of the course work the candidates shall prepare the synopsis of their research plan and present before Research Advisory Committee concerned for approval. The Member Secretary shall conduct the meeting of the RAC for synopsis seminar and shall send the proceedings of the synopsis seminar (in Appendix-3) along with the approved synopsis (5 copies) duly signed by all the expert members of the RAC on the prescribed format as given in Appendix-II, to the Registrar FRI Deemed University for further action.
5. **SUPERVISOR/CO-SUPERVISOR**

5.1.1 Any Scientist/Officer working in F.R.I (Deemed) University or its Research Centers and in ICFRE Headquarter in the relevant field may be considered for appointment as Supervisor, who possesses a Doctorate degree, published work of high standard and should have atleast 5 years of research experience in case of scientists and 5 years of professional experience in case of forester after award of his/her Ph.D. degree in the relevant subject and have atleast one paper published in an international peer reviewed journal and atleat five papers in the national level peer reviewed journals.

Non-Ph.D. Scientists/Foresters working in FRI (Deemed) University or its research centres and ICFRE headquarter having 3 years of professional experience in the relevant field can be considered as Co-Supervisor. Research Officers of FRI (Deemed) University or its research centres and ICFRE headquarter can also be considered as Co-Supervisor having 5 years of professional experience after award of his/her Ph.D. in the relevant subject.

Scientists/Officers, not below the rank of Scientist-C or equivalent or retired as Reader/Scientist from the research organizations other than F.R.I. or its research centers may be appointed as Co-supervisor of a Research Scholar subject to the condition that in such case the research scholar concerned is required to pursue his/her research work mainly in F.R.I. University or its research centers.

The amended clause will be effective from the date of signing of Minutes of the meeting of the Academic Council (12.8.2014)

5.1.2 The allocation of the supervisor for a selected student shall be decided by the Division/Research Centres concerned in a formal manner depending on the number of student per faculty member, the available specialization among the faculty supervisors, and the research interest of the student as indicated during interview by the student. The Head of Division/Research Centre shall ensure that the available research scholars are evenly distributed among the available scientist as per their expertise as far as practicable. The allotment/allocation of supervisor shall not be left to the individual student or scientist.

5.2 No research scholar hereinafter should be registered under a Scientist/forester who is going to retire or whose tenure of deputation is going to expire within 2 years from the date of registration.

5.3 For registering of Ph.D. Scholars the maximum number of research scholars under different level of scientists/Forester at any time is as under:

- Scientist-F&G or equivalent Forester 6
- Scientist-E or equivalent Forester 5
- Scientist-D or equivalent Forester 4
- Scientist-C or equivalent Forester 3
- Scientist-B or equivalent Forester 1

Provided

- That the name of research scholars, who have submitted the thesis, should not be counted for the purpose of fixing the quota of research scholars under a Supervisor.
- That the Head of Division certifies that the required laboratory facilities and other infrastructure is available in the Division for accommodating the research scholar

5.4 Persons who have registered themselves, as Ph.D. Scholars shall not act as Supervisor or Co-supervisor of any Ph.D. Scholar.

5.5 The change of Supervisor should not be allowed. However, in exceptional circumstances, the Academic Council will consider the change of supervisor on the recommendation of the Research Degree Committee.
6. **ENROLLMENT**

6.1 Each RAC shall send a copy of the minutes of Synopsis seminar along-with the application of the candidate to the Registrar who shall issue letter of admission to the candidate recommended by the RAC after proper scrutiny and approval of the Director.

6.2 On receipt of the communication regarding the admission, the candidate shall pay the requisite fees to the Registrar latest by 30\textsuperscript{th} September or 31\textsuperscript{st} March for enrollment in that particular term.

6.3 Ph.D. Scholars shall be required to be present in the research centre concerned for a minimum period of two years. Their presence shall be duly recorded and maintained in the Division concerned.

6.4 A record of the progress of every Ph.D. Scholar shall be kept by his/her Supervisor. The Supervisor shall forward six monthly progress reports of the candidate in March and September to the Chairman, RAC. The RAC shall consider the progress reports and forward the same with recommendations and comments, if any, to the Registrar.

6.5 **Registration of a Ph.D. Scholar is liable to be cancelled by the Director at any time if:-**

i) Two consecutive six monthly progress reports are not submitted at all or are not satisfactory as per recommendations/comments of RAC.

   **However, the research scholar is required to submit the six monthly progress reports till the work is presented in the pre-thesis submission seminar and is approved by the committee for submission of thesis.**

   **The initial 4 progress reports may come through Chairman and Member Secretary R.A.C. The rest can come through Head of Division and Supervisor concerned.**

ii) The attendance in case of Research Scholar should not be less than 75\% in any term.

6.6 No Ph.D. Scholar shall accept during the period of research any paid assignment apart from Research Fellowships, Research Assistantship etc. unless in the opinion of the RAC such an assignment will not interfere with his/her research work.

6.7 A Ph.D. Scholar shall not be permitted to take any other degree course, but may be permitted by the RAC to take part-time Diploma or Certificate course(s) not affecting the scholar’s research work adversely.

6.8 **Withdrawn**

6.9 The Research Scholar may not later than three months from the date of issue of registration letter, modify the scheme of the research work or nature or scope of the subject, on the recommendation of the Supervisor and RAC, with the approval of Director.

6.10 A Ph.D. Scholar shall be permitted to submit his thesis not earlier than twenty-four months from the date of his registration.

6.11 In case a Research Scholar does not submit his/her thesis within four calendar years from the date of permission granted to him/her unless the term is extended by the Research Degree Committee on the recommendation of the Research Advisory Committee for a period of 1 calendar year, his/her registration shall lapse.

   Provided that Research Degree Committee on the specific recommendation of Research Advisory Committee concerned may extend the term of registration of a research scholar for one more year as a very special case.

   **The recommendations of the R.A.Cs for extension of term of registration must reach this office before expiry of the term of registration.**
6.12 It shall be made **compulsory for all the Ph.D. Scholars** to pursue the following courses for **one semester (6 months)** at F.R.I University or its Research Centres. The courses will be conducted by Registrar, FRI University/Nodal Officer concerned in a time bound manner.

i) Basic Forestry course as per syllabus vide Appendix-8  
ii) Computer application course as per syllabus vide Appendix-9  
iii) Statistics and Research Methods in Forestry course as per syllabus vide Appendix-10 in addition to the prescribed syllabus; appropriate section on Research Methodology will also be included.

iv) Special problem to be given by Supervisor and presented in the form of review of literature/technical report in the related discipline/area of research. The Supervisor/Co-supervisor shall evaluate the report and if satisfied, may issue a certificate to that effect as per the Performa given by Registrar’s office.

The scholar will have to pass above courses given in sl. no. (i), (ii) & (iii) and obtain satisfactory certificate for sl. no. (iv) so as to get registered as research scholar. The minimum pass mark for the above courses will be 50%. However for the candidates who have passed M.Sc. in Forestry/Wood Science & Technology, the course on Basic Forestry will be optional.

In all such cases, where research scholar may have pursued these courses as given in item no. (i) (ii) & (iii) above as a part of curriculum in any other course, the research scholar concerned shall be allowed to appear in the exam directly and be exempted to appear in the regular classes. The scholar will have to pass the exam as per the rules of the FRI University and a certificate to that effect will have to be issued by the research center concerned.

On successful completion of the course work and special problem at the end of 6 months the candidate shall be allowed to submit the synopsis before the RAC in the synopsis seminar and **obtain its approval of the synopsis**.

6.13 The performance of the Research Scholar concerned shall be evaluated at the end by the RAC concerned during Pre-thesis Submission Seminar and report may be sent to Registrar for record.

6.14 The Ph.D. scholars shall publish atleasat one research paper in a peer reviewed journal before the submission of the thesis for evaluation, and produce evidence for the same in the form of acceptance letter or the reprint. The acceptance letter or the reprint should be attached along with the thesis in the annexure.
7. **SUPPLICATION OF THESIS**

7.1 On completion of the research work for Ph.D. by the candidate, the Supervisor shall organize, in consultation with the Head of Division under the auspices of the RAC a pre-thesis submission seminar by the candidate to present his/her progress and achievements and to receive suggestions for further improvement of the thesis.

7.2 After the pre-thesis submission seminar, the Supervisor shall forward the application of the candidate for supplication of the thesis along-with the minutes of the pre-thesis submission seminar and a certificate that the corrections/suggestions given by the RAC members in the pre-thesis submission seminar have been incorporated.

7.3 A Ph.D. Scholar shall ordinarily supplicate the Ph.D. thesis within six months from the date of his/her pre-thesis seminar or till completion of term of registration whichever is earlier through the Supervisor and the Head of Division. The supervisor shall forward therewith four spirally bound printed copies of the Ph.D. Thesis and 5 copies of summary of the thesis to the Registrar.

7.4 The thesis shall comply with the following conditions and should contain following documents:

i) It must be a piece of research work characterized either by the discovery of facts or by a fresh approach towards the interpretation of facts. In either case, it should evince the candidate’s capacity for critical examination and sound judgment.

ii) It shall be satisfactory in point of language and presentation of subject matter.

iii) The thesis shall be accompanied by:-

1) A declaration from the Ph.D. scholar that the thesis embodies the result of his/her own work and observations and in that respects the investigation appears to advance knowledge in the subject.

2) A certificate from the Supervisor and Co-Supervisor stating:
   a) That thesis embodies the work of the Ph.D. Scholar himself/herself
   b) That in the opinion of the Supervisor/(Co-supervisor, if any), the thesis fulfills the requirements of the Ordinance governing award of Ph.D. Degree of F.R.I. University

3) A certificate from RAC to be obtained at the time of pre thesis seminar in the given format at Appendix -7.

4) Registration letter.

5) Publication/Letter of acceptance

The documents specified above shall be bound in the beginning of the thesis strictly in the above sequence.
7.5. **Format of the thesis**

The entire thesis submitted to the FRI (Deemed) University shall be in following format.

(i) The thesis cover page should be printed in the under mentioned format:

```
Title of the thesis

THESIS
SUBMITTED TO THE
FOREST RESEARCH INSTITUTE (DEEMED) UNIVERSITY
DEHRA DUN, UTTARAKHAND
For
THE AWARD OF THE DEGREE OF
DOCTOR OF PHILOSOPHY IN FORESTRY
(Name of Discipline should be printed here)

By

Name of the Research Scholar

Name of the Division/Research Center

Year
```

(ii) The following should be printed on the side of the thesis (at the time of submitting hard bound thesis):
- Name of the scholar
- Title of the thesis
- Year of submission of the thesis

(iii) The cover should be either green or black in colour. The colour of the letters printed on the cover should be golden and the thesis cover should be laminated. (at the time of submitting hard bound thesis)
8. **EXAMINATION**

8.1 When the Ph.D. Scholar has completed his/her pre-thesis seminar, the concerned RAC shall recommend to the Registrar **a panel of at least eight examiners duly signed by them giving brief bio-data and indicating major areas of research/expertise of the examiners.** The scholar shall submit five copies of summary of the thesis work along with the thesis. The panel of examiners shall be submitted by the Registrar to the Director, FRI University for appointment of **three examiners atleast one of them should be from outside the State where research has been carried out.** However, the Director, FRI University may appoint any other experts as examiner beyond the names recommended by the RAC. After appointment of the examiners by the Director FRI, the Registrar shall get in touch with each examiner with a copy of the summary to secure acceptance of the examiner ship.

8.2 An examiner shall ordinarily be required to accept the appointment offered by the F.R.I. University within the time indicated by the Registrar in the appointment letter. If, however, no information is received from an examiner within a reasonable time from the date of issue of the letter of appointment his appointment shall stand cancelled and another examiner shall be appointed.

8.3 On receipt of the acceptance of any examiner, the Registrar shall forward the copy of the thesis to him and take all action to get the report of the examiner expeditiously.

8.4 The examiner shall be requested to submit their individual reports within two months on the receipt of the thesis.

8.5 The examiner shall categorically recommend in the prescribed Performa acceptance or rejection or revision of the thesis and also give their detailed comments and examiners shall state if the thesis complies with the following conditions in case they recommend the award of the degree.

a) It is a piece of research work characterized either by discovery of facts or by a fresh approach towards interpretation of facts.

b) The thesis evinces the Research Scholar’s capacity for critical examination and sound judgment.

c) It is satisfactorily in point of language and presentation of such matter.

8.6 The examiner shall return the copy of the thesis, soon after submission of the report.

8.7 (a) **In case all the three examiners accept the thesis the same shall be accepted.**

(b) **In case all the examiners reject the thesis or two of them reject the thesis and third accept the thesis or two of them rejecting and the third recommending revision such thesis shall be rejected.**

8.8 If two examiners accept the thesis and the third examiner recommends for revision or two recommending revision and third one recommending acceptance or if all the three recommend for revision, in all such conditions the thesis will be returned to the scholar for revision and the research scholar shall have to resubmit the thesis after revision in the light of examiner’s observations. The revised thesis shall be sent to those examiners once again for re-evaluation who have recommended for revision and in such case there shall be only two options for the examiner 1. Accepted 2. Revision, in the format of re-evaluation report. In case any of the examiners recommend for revision for the second time, the candidate will be invited for viva where he/she will also defend/justified his/her work in the light of the examiner’s comments in evaluation and re-evaluation reports.

8.9 If two examiners accept the thesis and the third reject the thesis or in case one accepts the thesis, one recommends revision and the third rejects the thesis in such case the Director, FRI/VC, FRIDU shall appoint the fourth examiner for evaluation of the thesis. The opinion of the fourth examiner shall be final and binding on the scholar. If fourth examiner also recommends for rejection of the thesis then such thesis shall be rejected. However, the scholar be allowed to re-submit the thesis at least after 12 months and not later than 24 months, provided the title of the thesis remains unchanged. Normal procedure will be followed for the evaluation of the resubmitted thesis. In case of re-submission of the thesis, a fresh fee for the examination shall be paid by the candidate. No candidate shall be allowed to resubmit the same title more than once.
8.10 If the examiners recommend that the candidate be asked to revise his/her thesis, the Director shall permit the candidate to resubmit his/her thesis not later than Twelve months, the period being counted from the date of issue of letter to him/her. He/She shall have to pay a fresh fee of Rs.2000/- at the time of resubmitting his/her thesis. But it shall not be necessary for him/her to reproduce any certificate of further attendance at the institution/research center at which he/she had carried his/her work. In exceptional cases, the Director FRI/VC FRIDU may allow a scholar to submit the revised thesis after the prescribed period and in that case additional penalty to be decided by Director FRI/VC FRIDU would be charged from the candidate.

8.11 The re-submitted thesis shall be examined as far as possible by the old set of examiners.

8.12 As per the above sub clauses if the thesis is accepted then the research scholar shall be called upon to appear for an examination before the following Viva-Voce Board:-

1. External examiner - Chairman.
   (Nominated by the Director, FRI out of the examiners who have evaluated the thesis.)
2. Internal examiner - Member
   (Supervisor/Co-supervisor)

   On satisfaction of the Viva-Voce Board the chairman may write a detailed report in his/her own hand in the prescribed Performa on the viva-voce presentation by the scholar and may recommend him/her for award of Ph.D. Degree by FRI University. Such case shall be submitted to the RDC for consideration of the award of Ph.D. degree. **On approval of the RDC the degree will be deemed to be awarded from the date of viva voce.** The Board of Management shall award the final degree on passing of grace.

   Provided that if a Viva-Voce board is not in a position to conduct the Viva-Voce examination, the Director may look into the special circumstances of the case and may appoint alternative Viva-Voce examiner/examiners.

8.13 In case the recommendations of the Viva-Voce examiners differ from that of the thesis examiners or there is a difference of opinion between the Viva-Voce examiners, the Research Scholar may be asked to re-appear at a second Viva-Voce examination within six months. If the Research Scholar fails to satisfy the Viva-Voce examiner a second time, his thesis shall be finally rejected.

8.14 The examiners may seek clarification on the subject matter of the thesis from the Supervisor. The provision will be incorporated in the letter to be sent to the examiners while sending the thesis.

8.15 The thesis as such shall be published only with the permission of the F.R.I. University and such publication, shall state on the title page itself that it was a thesis approved for the award of the Ph.D. Degree of the F.R.I. University.

8.16 Following the successful completion of the evaluation process and viva voce exam, the Ph.D. Scholar shall submit **two hard bound theses as well as** two soft copies of his/her thesis to the University. Out of which the University shall submit a soft copy of the Ph.D. thesis to the UGC within a period of thirty days, for hosting the same in INFLIBNET, accessible to all Institutions/Universities. The other copy shall be sent to the library for record. **Out of two hard bound theses, one thesis shall be sent to the Library of the University and other one shall be sent to the Research Centre/Division concerned for record.**
9. CONCLUSION

9.1 From the date when these Ordinances come into operation all previous Ordinance on the subject shall cease to have effect.

Provided that this revocation shall not affect the previous ordinance so revoked or anything done or suffered under any previous ordinance so revoked or affect any right, privilege, obligation or liability acquired, arrived or incurred under any ordinance so revoked.

9.2 Notwithstanding anything contained in these ordinances, any question, which is not covered by these ordinances, or any difficulty arising out of these ordinances shall be dealt with by the Academic Council.

The following are the established Research Centres of F.R.I. University:

1. Indian Institute of Forest Management, Nehru Nagar, P.O. 357, Bhopal, M.P.- 462 003
2. Tropical Forest Research Institute, P.O. R.F.R.C., Jabalpur-482 021
3. Arid Forest Research Institute, P.O. Krishi Mandi, New Pali Road, Jodhpur 342-005
4. Himalayan Forest Research Institute, Conifer campus, Pathaghati, Shimla – 171 009
5. Institute of Wood Science & Technology, P.O. Malleswaram, Bangalore- 560 022
6. Institute of Rain & Moist Deciduous Forest Research, Jorhat, Assam
7. Institute of Forest Genetics & Tree Breeding, Coimbatore 641 002
8. Institute of Forest Productivity, Main Road, Hinoo, Ranchi 834 002
9. Forest Research Institute, P.O. New Forest, DehraDun – 248 006
10. Kerala Forest Research Institute, Peechi – 680 653, Thrissur Distt., Kerala State
11. Wildlife Institute of India, P.O. 18, Chandrabani, Dehra Dun – 248 001
12. Indian Plywood Industries Research & Training Institute, P.O.:2273, Tumkur Road, Bangalore-560022
13. Forest Survey of India, P.O: I.P.E., Kaulagarh Road, Dehra Dun – 248 195
14. UP Forest Research Institute, Kanpur – 24
15. Indian Institute of Remote Sensing, (NRSA), 4th, Kalidas Road, Dehra Dun
17. Central Pulp & Paper Research Institute, P.O. Box 174, Star Paper Mill Road, Himmat Nagar, Saharanpur- 247001 (U.P.)
1. **Cover page** should have title of the proposed work with name of the Research Scholar and Supervisor in a format as depicted below:

<table>

* 7 copies of the synopsis are to be submitted to the Member Secretary, Research Advisory Committee by the candidate. The Member Secretary will send one copy to each member of R.A.C. for perusal.*
2. **Second page** should have details of Research Scholars, Supervisor and place of work where Research Scholar intends to conduct studies with signature of Research Scholar and Guide both. **After synopsis seminar, names of R.A.C. members may also be indicated on this page.** These informations be formatted as below:-

**Synopsis of proposed research plan approved by the Research Advisory Committee for the degree of Ph.D. submitted to the F.R.I. (Deemed) University, Dehradun**

Topic of Research:
(approved by the RAC)

Name of the Research Scholar:

Name and Designation of Supervisor:

Name and Designation of Co-Sup:

Place of work:

***Name of Expert Members of RAC:

Signature
(Name)
Supervisor/Co-supervisor if any

Signature
(Name)
Research Scholar

***Signature
(Name)
Chairman RAC

*** Signature
(Name)
Member Secretary.RAC

** Synopsis to be revised after the R.A.C. meeting (synopsis seminar) as per the comments/recommendations of R.A.C.**

*** Names of the R.A.C. members should be mentioned in the synopsis approved by the RAC and the same should be signed by the Chairman and Member Secretary.**

2. **Introduction:** Species/organism/theme/aspect of research should be introduced with background information indicating its importance and relevance with overview objectivity and concept of forestry.

4. **Review of literature:** Review of literature should be comprehensive covering various aspects of the proposed work but it must be precise with recent information. Detailed review at this stage is not required.
5. **Methodology:** Techniques in brief should be given in respect of specific experiments/observations only. Methods of routine nature need not be described.

6. **Proposed plan of work:** This part of the synopsis is very important. Different aspects of the proposed plan of work should be given into separate components/chapters/sub-projects. Each component/sub-project should have detailed titles of various experiments proposed to be performed. Wherever possible area of research be mentioned indicating whether studies would be performed in the laboratory or in some specific filed conditions.

7. **Expected Conclusions:** Researcher may indicate the conclusions, which are expected to be drawn from the proposed studies.

8. **References:** References should be listed alphabetically author wise. In the text, the reference should be quoted as Sen-Sarma (1980) or Sen-Sarma and Thakur, (1981) or Sen-Sarma et al. (1982) for single, two and more than two authors, respectively. Papers by the same author in the same year should be distinguished by letters, a, b, c, etc. For references, following pattern should be followed.

**FOR RESEARCH PAPERS:**

**COMPLETE BOOKS:**

**FOR A CHAPTER IN EDITED BOOK:**

**CITATION FROM NEWSPAPERS:**

**THESES AND DISSERTATIONS:**

**FOR ANNUAL REPORT:**
Annual report, 1989-90. Department of Agricultural Research and Education, Ministry of Agriculture, Govt. of India, New Delhi 67-70

**IN CASE OF PROCEEDING/CONFERENCE:**

**IN CASE OF BULLETINS/RECORDS:**

Syllabus for Basic Forestry Course

1. Overview of Forestry in India
History of management and development of system of management of forest in recent years. Historical evolution of forest policy; Tangible/Intangible benefits, forestry resources.

Lecture session – 2

2. Forest Ecology
Basic principles and concept of forest ecology, Major abiotic and biotic components, food webs, ecological pyramids and energy flow, ecological successions, forest community concepts; Forest types in India, Conservation of forest ecosystems.

Lecture session – 5

3. Systematic Forest Botany and Ethnobotany
Importance of Systematic botany in forestry; concept of species, genus; dendrological approach on classification of forest species; herbarium, arboretum; Ethno botany of forest flora of economic importance; plant nomenclature; Identification of species.

Lecture session – 5

4. Forest Biotechnology
Aims and objectives of Tissue Culture for genetic improvement through clonal propagation, production of in vitro variability, transgensics, somaclonal variation, genetic fusion of cells.

Lecture session – 6

5. Soil Science & Soil Conservation
Forests Soils, classification, factors affecting soil formation; physical, chemical and biological properties. Soil reaction - soil pH and its relation to nutrient availability.

Soil conservation - definition, causes for erosion; types - wind and water erosion; conservation and management of eroded soils/areas, wind breaks, shelter belts; Role of forests in conserving soils.

Lecture session – 5

6. Forest Hydrology & Watershed Management
Introduction, Hydrological cycle, Rainfall-runoff process, Interception, forest & water, run-off, water holding capacity of soils, free water, field capacity, capillary water, hygroscopic water, ground water.
Watershed Management – approach and concepts of watershed; watershed management, its objectives;

Lecture session – 4

7. Silvicultural Practices
Definition of silvics and silviculture, Study of locality factors like climatic, edaphic, Forest regeneration, natural and artificial regeneration of forests, (plantation forests) and mixed regeneration; methods of propagation, grafting techniques; site factors; nursery and planting techniques-nursery beds, polybags and maintenance, water budgeting, grading and hardening of seedlings, pruning and lopping. Thinning- thinning of irregular corps, increments felling, improvement felling.
Silviculutal system - definition, classification and detailed study of the following systems: Clear felling system; uniform system; the group system; coppice with standard system;

Lecture session – 5
Forest Management - Objective and principles; techniques; management of forest plantations.

Lecture session – 5

9. Forest Protection and Forest Economics
Agencies causing forest damage viz. man, fire, cattle, wildlife, insects and pathogens nature of their damages, cause, prevention, remedial measures and benefits. General forest protection against fire, equipment and methods, controlled use of fire. Grazing regulations; effect of wild animals on forest regeneration.
Forest economics: – fundamental principles, cost-benefit analyses; estimation of demand and supply; Socio-economic analyses of forest productivity and attitudes; valuation of forest goods and service. Basic knowledge of forest pathology and forest entomology – definition, scope and damage.

Lecture session – 6

10. Wood Technology
Anatomical structure of wood, defects and abnormalities of wood, timber identification - general principles. Different types of Wood seasoning and preservation; Pulp-paper and rayon; Wood substitution.

Lecture session – 4

11. Non-Wood Forest Products
i. NWFP – Definition, Importance, Diversity / Types, their distribution, Role in rural livelihood and industry, present utilization and future scope.
Lecture session – 3

ii. Introduction about natural products chemistry; General procedures for isolation of extractives, and other secondary metabolites from wood and NWFP; Value addition chemical from forest plants.
Lecture session – 4

12. Biodiversity and Environmental Conservation:
Forest Biodiversity, its protection, components and principles of conservation, Climate Change, Clean development Mechanism, Carbon Trading, Pollution types, global warming, green house effects, ozone layer depletion, Forest and environment impact assessment and control measures. National conservation strategies. I.F.A. Overview on national strategies and international conventions related to forest conservation and management (CBD, UNFCCC, NBA, CITES etc.)

Lecture session – 6

13. Forest Genetics and Tree Improvement
Forest Genetics and its applications. Concept of tree improvement, methods and techniques. Variation and its use, provenance trials. Quality seed production through seed production area and seed orchards. Establishment and management of seed orchards. Genetic testing through progeny tests. Selection and breeding for resistance to diseases, insects, and adverse environment; the genetic base, forest genetic resources and gene conservation in situ and ex-situ. Essentials of seed testing, seed quality evaluation, seed dormancy, seed storage, seed classification and seed certification.

Lecture session – 6

14. Extension Forestry
Extension Education - meaning, definition, objectives, principles, and characteristics. Extension programmes of ICFRE. Major elements involved in forest extension.

Lecture session – 2

15. Agroforestry
Agroforestry - scope and necessity; Agro forestry systems under different agro-ecological zones;

Lecture session – 2

……..
Syllabus for Statistics and Research Methods in Forestry

Elementary Statistical Methods –I

Classification, tabulation, and graphical representation of Data; Measure of Central tendency; Measure of dispersion, Measure of Skewness and Kurtosis; Theory of probability, Probability distributions, Binomial, Poisson, Normal Distributions and their applications.

(20 Lectures including Theory & Practical)

Elementary Statistical Methods –II

Correlation and Regression (Simple and Multiple); Theory of Estimation and Confidence intervals; Concept of Sampling distributions – $X^2$, t, F and its applications; Tests of Significance based on normal, $X^2$, t and F distributions; Non-parametric Tests- Sign Test, Wilcoxon Test, Mann Whitney U-Test, Run Test, Median Test.

(20 Lectures including Theory & Practical)

Design of Experiments

Basic principles of design of experiments, Analysis of variance, Completely Randomized Design (CRD), Randomized block design (RBD), Latin square design (LSD), Missing Plot Techniques and its applications to RBD and LSD, Factorial experiments, Confounding, Spilt and Strip plot designs, Sampling in field experiments, Transformation of Data.

(25 Lectures including Theory & Practical)

Sampling Techniques

Concept of Sampling, Sample Vs. complete enumeration, Simple Random Sampling (With and without replacement), Stratified Random Sampling, Systematic Sampling, Cluster Sampling, Multistage Sampling, Non-Sampling Errors, Non-probability Sampling.

(20 Lectures including Theory & Practical)

Applied Multivariate Analysis

Introduction to Multivariate Analysis, Multivariate analysis of variance (MANOVA), Principal components Analysis, Factor Analysis, Cluster Analysis, Discriminant Analysis.

(15 Lectures including Theory & Practical)

..........
