

First Announcement

International Conference on Population and Conservation Genetics

**28–30 January
2026
Coimbatore
India**

Organizers

**IUFRO Unit 2.04.01 – Population, Ecological and Conservation Genetics
Asia-Pacific Forest Genetic Resources Programme (APFORGEN)**

Host Institute

**ICFRE–Institute of Forest Genetics and Tree Breeding
Indian Council of Forestry Research and Education
(An Autonomous body of Ministry of Environment , Forest and Climate Change)
Coimbatore, India
Contact: icpcg2026@gmail.com**

Conference Themes

- Landscape and ecological genomics
- Genetic basis of local adaptation
- Strategies for ecological and economic sustainability of tree genetic resources
- Genetics and genomic tools for tracing adaptive variability
- Genetic monitoring and management of tree populations
- Emerging technologies for developing climate resilient trees
- Habitat/landscape restoration
- Tree seed systems for ecological restoration
- Conserving and restoring genetic diversity of forests in Asia - Pacific region
- Strengthening collaboration to conserve tree genetic resources
- Participatory Forest Management
- Forensic timber identification

Important dates

Registration opens	01 August 2025
Abstract submission deadline	30 September 2025
Early-bird registration deadline	01 October 2025
Registration deadline	30 November 2025
Final program	20 December 2025
Conference starts	28 January 2026
