

PROJECT PROFILE

Project Title	: Development of DNA marker sets for origin verification and timber tracking in <i>Pterocarpus santalinus</i> (Sub project -4)
Principle Investigator	: Dr. Modhumita Dasgupta, Scientist G
Co Investigators	: Dr. A. Shanthi, Scientist D
Duration	: 2019-2022
Objectives	1. Development of species- specific DNA barcode reference library for <i>Pterocarpus santalinus</i> 2. Generation of geo -referenced marker dataset in <i>P. santalinus</i> for origin verification 3. Validation of marker sets for species authentication and timber tracing
Funding Agency	: National Biodiversity Authority
Total Budget	: Rs. 56.05 lakhs
